ANNUAL SPEED NETWORKING MIXER

The May Membership Meeting of the Del Rio Hispanic Chamber of Commerce focused on the importance and the value of Networking in Business.

This year's Annual Speed Net Working Mixer was held at Ramada on May 12th at 6:30 pm. With the help of both member and nonmember businesses alike, DRHCC was able to raffle a total of twenty-two gift cards! Twenty-one of the gift cards were raffled as door prizes, and our Grand Prize gift card known as the "People's Choice Award" was given to the Top Speed Net worker. Melissa Perez was voted our Top Net worker and was awarded a gift card valued at \$150.00.

This event would not have been possible without the help and cooperation of the businesses who contributed to the night's event. We would like to give very special thanks to Ramada for hosting. We would also like to thank DJ Paul Lomas for providing his services for this event.

Administrative Assistants Day Luncheon

Special thanks to all our guest speakers. Paulo Pacheco, Mike Higgins CEO West Central Wireless, Shayla Rivera Aerospace Engineer, Dr. Will W. Box Professor/ Coordinator Department of Management SWTJC and Park University, Carlos Ayala Sales Manager Silver Eagle.

The Del Rio Hispanic Chamber of Commerce hosted a luncheon in honor of Administrative Assistants Day at the Ramada Ballroom. While the celebration was in recognition of the role that Administrative Assistants play daily in every business in town, special recognition was given to the memory of Ms. Connie Mendoza who served as Director of Finance for the DRHHC up until the tragic accident that took her life. Hispanic Chamber immediate past president served as Mistress of Ceremonies and shared memories of our departed friend.

The event was a sold out event, enhanced by the presentation by guest speaker Ms. Shayla Rivera, former NASA engineer and now motivational speaker and comedienne, who kept the audience engaged in "food for thought" through humor. Door prizes were abundant and the meal fit the occasion.

Otila Gonzalez.
